

Occupational Health and Safety Policy

Electro-Acoustics Systems Pte Ltd (EAS) is committed to provide a healthy and safe working environment to all people in the conduct of its business within its worksites, which includes its employees, contractors, suppliers, and visitors, with the aim of preventing injuries and ill-health.

We are committed:

- To place safety and health of all employees as part of our business objectives and interests;
- To implement an Occupational Health and Safety Management System (OHSMS).
- To ensure compliance to occupational safety and health legislation and other relevant requirements;
- To provide resources, facilities, equipment and systems of work to ensure that activities are conducted without unacceptable risks to health and safety;
- To provide relevant training, information and instructions with regards to occupational health and health;
- To engage all stakeholders to reduce safety and health hazards and risks associated with working for, with, or on behalf of EAS.
- To monitor and continually improve the health and safety provisions within the workplace and to conduct regular review of the policy.

All members of our workforce shall acknowledge their roles and responsibilities to the occupational health and safety at EAS, and contribute positively to the health and safety of themselves and to others in the workplace.

We will communicate this policy to all stakeholders and will be made available to interested parties.

T.L. LAM
Managing Director
